A SURPRISE LAST EVENING

Royal Neighbors Entertained
in Honor of Birthday of
Mrs. McCarthy

(By Staff Correspondent.)
ORANGE, Sept. 11.—The Royal Neighbors gave a surprise reception last evening in honor of the birthday of Mrs. John McCarthy and as a farewell to the McCarthys, who will soon leave to make their home at Black Rock, Utah.

Guessing games of various kinds filled the evening with pleasure. After all were "tired of play" the gathering adjourned to Decker's for refreshments.

The following were present: Mesdames Mary C. Jackson, Sarah Hyle, Lydia E. Jones, Elva Wilson, N. B. Spray, A. Schlasman, F. J. Clabby, N. U. Potter, Frank Knight, Cora Wilson, John Kaiser, H. F. Dalrymple, W. E. Winterrowd, T. J. Kiser, Henry McEhan, Wright, S. C. Clucas, J. C. Wallace, M. O. Ainsworth, R. W. Jackson, F. L. Moore.

Mr. and Mrs. Will Clement entertained a few friends at their home on South Orange street last evening in honor of Mr. and Mrs. C. J. Porter, who celebrated their tenth wedding anniversary yesterday. The evening was delightfully spent and as a closing feature, refreshments of pineapple sherbet, ice cream and cake were served. Those present were: Mr. and Mrs. C. J. Porter, Mr. and Mrs. H. A. Brown, Mr. and Mrs. Harry Winslow and family and Mr. and Mrs. Will Clement and family.

The Modern Priscillas were guests of Mrs. Edith Thomson at the Thomson lodge yesterday. The meeting took the form of a picnic and was a decided success. Twelve members were present, and the following visitors: Mrs. Al Adams, Anna Adams, Mrs. Hugh Thomson, Mrs. Ida Crowell, Miss Lillie Stanley and Miss Jessie Holditch.

The gathering was delightfully entertained during the day and departed with regret. They will meet again next week at the home of Mrs. Sarah Sweet.

Mrs. Mabel Kressen of North Center street, is reported ill and under the doctor's care.

C. J. Clifford of Lindsay was calling on old friends yesterday. He was employed by the S.A.V.I. Company here for years.

S. C. Kilmer, who has been visiting his sister, Miss Lydia Kilmer, on North Glassell street, left for his home at Corcoran this morning.

Mr. and Mrs. Frank Lord left this morning for San Juan Hot Springs, where they will spend a couple of weeks for the benefit of Mr. Lord's health.

Mrs. A. R. Lott and daughter Pauline, of Newport Beach, have been spending several days with her sister, Mrs. Alf Leech and family, on North Tustin street. They left this morning for Anaheim to visit at the Henry Adams home before returning to the beach.

Miss Lydia Kilmer and her brother, S. E. Kilmer, spent yesterday at Newport Beach.

Mr. and Mrs. Stephen McPherson left today for an extended visit in the East. They will visit in Chicago, Wisconsin, New York, Washington, Boston and other places before returning home.

E. C. Parch went to Los Angeles this morning to bring home his wife, who was operated on at a hospital there several days ago. Mrs. Parch is improving rapidly.

Mrs. W. S. Ensign left this morning for a trip to Michigan, where she will remain until the first of November. Mrs. Ensign will visit her old home in Lake Odessa, and with her mother in Bannister. Mr. Ensign accompanied her as far as Los Angeles.

Mrs. J. Siegel and daughter Ora, of Colorado Springs and Miss Irene Gill of Los Angeles are spending a few days at the J. H. Schultz home on East Chapman avenue.

Miss Lillie Stanley of Pasadena is a guest at the Holditch home north-east of Orange.

Henry Miller of Porterville arrived here yesterday for a few days visit with his parents, Mr. and Mrs. Herman A. Miller.

OHIO STATE BANKERS CONVE

CLEVELAND, Ohio, Sept. 11.—With 700 bankers from all parts of the state in attendance, the annual convention of the Ohio State Bankers' Association convened here today with discussion of President Wilson's proposed new currency law the important feature of the program. This discussion was expected to immediately follow the reading of annual reports, the address of the president and the opening reception. The convention will close tomorrow night with the annual banquet.

BOY ADVENTURERS ARE CAPTURED IN RIG BOUND SOUTH

Two expeditions organized by boy adventurers have failed to run the blockade of Orange county officers. About two months ago four Los Angeles youngsters, aged 10 to 12 years of age, started out for San Diego and way points. They were caught at a West Fifth street store, and the entire bunch was taken back to Los Angeles by Probation Officer Scott. Among the four were Israel Hershon and Max Haberman.

This morning about 8:15 o'clock Deputy Sheriff Dean got sight of a yellow-wheeled buggy going south on Main street near Sixth. The horse was wet with sweat and in the buggy were four boys who looked as though they had spent the night beside the road or in a haystack. Dean recognized two of the boys as Israel and Max, leaders of the former unsuccessful expedition southward. Israel and Max tried a manful bluff, but they did not convince Dean that he had never seen them before. Dean took the outfit around to the jail, where the woes of capture were quickly forgotten in the enjoyment of something to eat.

Haberman said he lived at 413½ Figueroa street. Felix Rado gave his home as at Fifty-sixth and Central, and Harry Hennessy as at Fifty-third and Wadsworth.

To Dean and Probation Officer Scott the boys told as little as possible. They declared that they rented the rig for \$1.50 "somewhere up the line." Dean thinks the outfit was stolen in Los Angeles. The boys probably drove most of the night, three on the seat and one crouched between two watermelons behind the seat.

This morning they stopped at Mrs. Henry Buck's place at 616 North Main and borrowed a bucket so they could water their jaded horse. Dean caught them a block further on. Officer Frank Gilbert was at Fourth and Main streets on the lookout for the youngsters, word having been telephoned in that they were passing through Santa Ana on their way to San Diego.

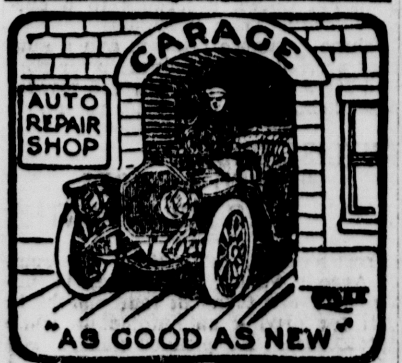

DUMPED BY AUTO
Anaheim Gazette: W. L. Kreuscher and Henry Armbrust had an unpleasant experience with an erratic auto last Friday. In making a turn near Center street the machine turned turtle, dumping both occupants into the gutter. Henry was not injured, with the exception of a few unimportant bruises, but Mr. Kreuscher came out of it with a badly damaged leg.

Do You Fear Consumption?
No matter how chronic your cough or how severe your throat or lung ailment is, Dr. King's New Discovery will surely help you; it may save your life. Stillman Green, of Mallicite, Cal., writes: "Two doctors said I had consumption and could not live two years. I used Dr. King's New Discovery and am alive and well." Your money refunded if it fails to benefit you. The best home remedy for coughs, colds, throat and lung troubles. Price 50c, and \$1.00. Guaranteed by all druggists.—Advertisement.

MEXICAN BOY IS RESCUED FROM A FEROCIOUS EAGLE

Anaheim Gazette: Saving the life of a 4-year-old Mexican boy from the clutches of a ferocious eagle, the same which, residents say, carried off an infant to its nest in a crevice high up on a cliff years ago, Frank Wiest and a party of local men killed the huge bird and brought it back to this city as evidence of their feat. The party, consisting of Wiest, S. F. Kelley, Dr. J. G. Ham, W. J. Hartzell, Geo. Kelley and Driver E. L. Dazell, were passing the San Felipe ranch when they heard the screams of a child. Over on some rocks they were horror struck to see a huge bird scratching and plucking at a small boy, who was trying to fight back with his bare hands.

Dr. Ham shot twice at the eagle with a shotgun, but owing to the proximity of the bird and its intended prey this was deemed too dangerous. Wiest got out of the car and approached within 20 paces of the bird and started fire with his big six-shooter. His shots only infuriated the animal. Seizing a fence rail, Dazell came to the rescue and drove the eagle far enough away from the child so that Wiest could shoot it. The eagle measured six feet from tip to tip of the wings, and is a handsome specimen. Residents of the section where the bird was killed say that it had lived for years near the San Felipe ranch and had carried off young calves and sheep. Ten years ago it swooped down upon a ranch house and carried a baby away. The infant was rescued after a desperate climb to the nest and a strenuous fight with the bird.

TAKE NO PART IN RATE WAR

Commercial Club Drops Consideration of Giving \$400 to Cause

Shows Are to be Given in Order to Raise Money for Advertising Orange

ORANGE, Sept. 11.—The Commercial Club has concluded to take no part in the fight over the rates charged by the Pacific Electric on its interurban lines. The club was invited to give \$400 toward making the fight for lower rates, the fight to be handled by the Rate Association with headquarters in Los Angeles. The directors of the club concluded that since the city is chiefly concerned in getting the electric line extended into Orange, it has no time or inclination to go into a fight over the rates that will be charged.

The club has decided to raise a fund for advertising Orange, and last night it was decided to raise a part of the money through putting on theatrical attractions here. A committee is to take the matter up with a booking agency in Los Angeles.

WILD WEST SHOW AT PENDELTON, ORE.

Annual Event Attracts 25,000

Spectators from Over the United States

PENDELTON, Ore., Sept. 11.—A fanfare of trumpets heralded the opening here this afternoon of the Roundup, the great wild west show given annually by the City of Pendleton. Four hundred cowboys, picturesquely garbed, cowgirls resplendent in buckskins and various habits, and Indians painted and feathered, rode into the arena on madly plunging bronches, and mustangs. Leading them was the famous Pendleton Cowboy Band. It was estimated that 25,000 spectators including hundreds of tourists from the East and Middle West were in the grandstand.

Broncho busting, relay races, Indian war dances, a mimic war between cowboys, cowgirls and Indians; steer roping contests; stage coach races, lariat throwing contests, and "bull-dogging steers" were on the program. Bull-dogging is perhaps the

112 West Fourth St.

most daring of all the frontier sports. A steer is started on a run across the arena with a cowboy on horseback in pursuit. As the rider overtakes the steer he leaps to the horned animal's back. Then comes the fight to trip the steer, the cowboy dexterously leaping out of harm's way when the animal falls.

Six Indian tribes are today encamped on the grounds surrounding the arena. They are in full regalia and are holding "side shows" of their own, consisting of horse and foot races, war dances, knife dances and other tribal ceremonies.

Orange County Business College fall term opens Sept. 1.

Two Giraffes which attract much attention, with Ringling Bros. Circus which will be here tomorrow

Ringling Circus Going To Be Here Tomorrow

The first section of Ringling Bros. It will leave the show grounds promptly at 10 o'clock and wind through the principal business streets. It will be three miles long. It would take columns to adequately describe it. It is all new and it bears the Ringling trade-mark. No further guarantee is needed.

There will be two performances. The afternoon performance will begin at 2 o'clock. The night show will begin at 8 o'clock. The doors will be opened an hour earlier to give visitors an opportunity of seeing the greatest traveling zoological display in the world. During the hour between the opening of the doors and the beginning of the regular performance there will be a popular concert by Ringling Bros. military band.

Early in the morning a downtown ticket office will be opened. Reserved seats and admissions can be bought there at the regular price.

There will be identical with those presented at Chicago in the Coliseum, where the show began its season in April. The inaugural spectacle of "Joan of Arc" begins just following the preliminary band concert.

ASSOCIATION URGES BEAN GROWERS TO RESIST ATTACKS ON MARKET

OXNARD, Sept. 11.—The following letter was issued Friday by the Lima Bean Growers' Association.

To the Growers of Lima Beans:

We feel that a letter at this time on the lima bean situation will be proper. Threshing has commenced in Ventura county and has been going on for some days in the southern counties. The quality of the beans we have seen is fine and we think the yield will nearly equal last year's crop.

There are several reasons why the market is not going to have the support of HEAVY BUYING as in the last year or two.

First—Your association, as you know, CANNOT BUY this year.

Second—The condition of the money market is such that a good many of the buyers who purchased quite liberally last year will not be able to buy much this year. You may not be aware of the fact, but your association last year purchased during the first three months of the season \$1,000,000 worth of beans. This in itself was a tremendous factor in maintaining a fair price to the growers. This support will be lacking entirely this year.

Third—There seems to be a concerted action on the part of most of the independent buyers to drive the

market down to the bottom round of the ladder. We have already heard of some sales by growers as low as \$4.50 reloaded, f.o.b. cars.

You have two means of supporting the price of lima beans. The first and best method is to pool your lima beans with this association. The second method you also have entirely in your control. That is, in not offering to sell your beans too early in the season. If you all insist on marketing your beans early it will be suicidal, as the market this year cannot absorb them, owing to the conditions mentioned above.

There is no doubt in the world that the entire crop of lima beans raised on the coast can be marketed in the east at a fair price if the distribution can be made at the proper time and in the proper manner. We outlined this same situation at the last growers' meeting here in Oxnard. A good many of you did not believe that the situation which confronts us today could happen but it is right here now and will have to be met by each and everyone of you if you expect to get the price for your crop which you are entitled to.

Yours truly,
THE LIMA BEAN GROWERS' ASSOCIATION,
Perry R. Cole, Manager.

AMALGAMATED WILL BUY COMPANY GAS

ANAHEIM, Sept. 11.—A regular meeting of the board of directors of the Anaheim Union Water Company was held on September 6.

Director Sherwood reported that the shoe in pit No. 1 on the Gomer tract had been pried loose and the pit is now being deepened. He also stated that he had made arrangements with Mr. Lewis of the Byron-Jackson Company to furnish a pump to keep the water out of the pit at a rental of \$5 per day and had agreed to use the pump at least 60 days.

Director Sherwood presented rights of way for the North Branch ditch

covering all property except that of John des Granges, and on motion of Sherwood seconded by Beazley, the superintendent was instructed to manufacture sufficient pipe to complete the North Branch pipe line.

The application of A. Winters for a gate on Winters' Brothers' property was referred to the superintendent.

The secretary was instructed to notify the Amalgamated Oil Company that their proposition to purchase gas from this company for use on the Hualde lease was satisfactory.

The question of raising the gates on Mrs. Jordan's property was referred to Director Beazley and the superintendent.

"GOLDEN STATE" IS BELIEVED LOST

Thought to Have Blown Up in
Alaskan Waters With Crew
of Fourteen

OAKLAND, Sept. 11.—The power schooner Golden State, Captain Halstead, is believed to have blown up in Alaskan waters with her crew of fourteen aboard, according to First Mate Robe of the cod fishing boat Gallice, which is in port here today from Pirates' Cove.

Robe said that he and the members of his crew saw a tongue of flame leap into the sky over the water off Unga Island, at a point where the Golden State had been seen before dark. For an hour a fire burned brightly. The next day there was no trace of the wreck.

The Golden State is now ten days overdue at Pirates' Cove, and has not been reported at an Alaskan port. Her crew was recruited at San Pedro, San Diego and San Francisco.

30,000 VOICES

And Many Are the Voices of
Santa Ana
People

Thirty thousand voices. What a grand chorus! And that's the number of American men and women who are publicly praising Doan's Kidney Pills for relief from backache, kidney and bladder ills. They say it to their friends. They tell it in the home papers. Santa Ana people are in this chorus. Here's a Santa Ana case.

Mrs. J. M. Osgood, 516 Bush St., Santa Ana, Cal., says: "I suffered from pains throughout my body. I was nervous and couldn't get much rest at night. My joints were swollen and rheumatic. I felt miserable in every way. Doan's Kidney Pills proved to be just the medicine I needed. They drove away the pains and aches and toned up my system. That happened some years ago. Several times since, I have taken Doan's Kidney Pills and they have been satisfactory in every way. I give them credit for keeping me well. After I first used Doan's Kidney Pills I publicly told of my experience and I can say that they are all they are claimed to be."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.—Advertisement.

Adenoids Are a Menace to Children.
Babies and young children must be carefully watched for the growth of adenoids, which spoil the mental and physical life of a child. They usually result from a succession of colds and throat irritations, and their presence is so productive of harm, that many school boards have an examining physician to detect them. The conditions that cause them may be easily avoided by careful parents. Quickly and thoroughly cure all colds and throat irritations by the use of Foley's Honey and Tar Compound, and adenoids will not develop. Rowley Drug Co. and White Cross Drug Co.—Advertisement.

CHANGES IN RELIGIOUS JOURNALISM

In millions of families the denominational newspaper was long as fixed a feature as grandfather's clock. If The Evangelist, Zion's Herald, or The Observer hadn't turned up Sunday the children had nothing to read but Barnes' Notes and Pilgrim's Progress. Although the latter had exciting pictures of Apollon and Giant Despair, yet there was usually a puzzle corner in the religious papers.

Recent changes in this field of journalism suggest how different it is today. Some papers have been given up, others are consolidating. The union of two Baptist journals, The Watchman and The Examiner, founded respectively in 1819 and 1823, is the most recent upsetting of these old family landmarks.

The old denominational weekly might involve endless drudgery of detail work. But there was a sure, steadfast audience. They would as soon neglect to pay subscriptions as forget to turn up at the accustomed pew at 10:30 Sunday morning.

Those days of sectarianism were like the intense faith of the Scotch Covenanters. The church paper was not supported so much for reasons of obligation, as because people were keenly anxious to know about the progress of their own branch of the church.

Now the sectarian spirit is weaker. Church people are not thrilled by learning that a new society of their own faith has been started at Jonesville. They wish to read about humanitarian progress, and to receive spiritual inspiration.

Consequently the religious journals have grown more human. There are fewer of them, but they show better newspaper work, and are more alive to the vital problems of the day.

BACKING UP THE TEACHER

The mistress of a certain home said to a caller the other day, referring to the operations of her small boy, who may for the occasion be called Johnny:

"I hope you will pardon the looks of my home. Johnny just takes the hammer to everything."

Then Johnny came in. His mother issued various orders. No doubt feeling that they were unnecessary and injudicious, Johnny declined to obey. His mother remarked apologetically, "He'll go to school this fall. The teachers will straighten him out."

There are many families that feel they can't afford to spend time disciplining their children, when they are hiring school teachers to do the job. When the Johnnies turn up at public

school in September, they do not readily yield the position of independence which they have acquired in the home. Able to have their own way with their parents, it appears fundamentally unjust to them that the teacher is not equally good natured.

In school Johnny has his first experience with real authority. He reports his observations at home. His parents are aghast at the heartlessness and favoritism shown by Teacher. Soon the Irate Parent appears at the school superintendent's office. Rumors of the fray reach the other children, and an undertone of insubordination develops.

When a parent was asked one day if she had ever met her boy's teacher, with whom she had had differences, she remarked that she never had and never wanted to see her. When the teacher was asked a similar question, she made substantially the same reply.

These two forces, the school and the home, are supposed to be working jointly to develop the best that is in child nature. How can they do it if they never meet, never discuss plans for co-operation, never exchange information and observations?

POLITICAL WATCHTOWER

There hasn't been a great deal stirring politically these last few weeks, yet enough has been going on to make the politicians keep their eyes ever fixed upon that election to be held in November, 1914. There is always a little something stirring in politics, even though the time of year is not that when the pot may be expected to boil.

Along in January the fires will begin to heat the pot, and by March things will be bubbling. The month of June and July will find the pot almost ready to boil over, and a few sizzling spats into the fire are likely to occur.

The Watchtower man has expressed his opinion that every official now in the courthouse is going to be a candidate for re-election. That opinion is still alive and growing every day. Some of the salaries have been changed, but those changes seem not to have made a bit of difference in the intentions of the office holders.

It comes pretty straight that H. V. Weisel of Anaheim is going to run for assemblyman again, and it begins to look as though that office will be fought for by Progressives only. There isn't much chance of one of the old Republicans getting in, and so far the Democrats have not even given the office a thought. The Democrats may have a candidate, though it is likely that the leaders will have to go fishing to get him.

Speaking of the office of assemblyman, comes the word that Prince L. Tope, an energetic Progressive of Santa Ana and a member of the county central committee, is a good deal more than likely to be a candidate for the office, and what is more, if he enters the race he will go some, and if elected he will make a mighty good assemblyman. And it should be added that Weisel made a good assemblyman and is a fine, popular young man.

There seems to be a supposition going the rounds that the Progressives are going to have a full county ticket in the field. There is evidently no basis for the report that the Progressives have decided to start in right now and pick candidates for every available position. There has been no meeting of any kind at which this subject has been under discussion. The story probably had its inception when it became known that Will Jerome, well known bean grower and member of the executive committee of the central committee, wants to be a candidate for county auditor against Cal D. Lester.

Fit two kinds of figures

Dutchess Trousers are famous for the style which they add to a man's appearance. They are tailored for looks as well as for comfort and service.

The price also fits the figure that men in every line of work want to pay for good trousers. Come in and let us show you how well they look and how reasonably they are marked.

\$2 to \$6

W. A. HUFF

There is a race already in sight for County Superintendent of Schools R. P. Mitchell. Delbert Brunton of Fullerton, principal of the high school, is already a candidate. At least, politicians here consider him. There has been formal announcement to the effect that he has been urged to enter the race, and nearly always that is as good as saying that the man so urged is a candidate.

And there may be others for that job. It is not at all unlikely that the women will have a woman candidate for the position. And the salary of \$22,000 a year looks good to most of the school teachers. It is a position worthy of the ambition of any school teacher, man or woman.

But whoever goes after that job wants to remember that Dick Mitchell has a lot of friends in this county. He began life in this county as a barefoot lad hoeing potatoes in Gospel Swamp or somewhere in that neck of the woods.

ell has a lot of friends in this county. He began life in this county as a barefoot lad hoeing potatoes in Gospel Swamp or somewhere in that neck of the woods.

AMUSEMENTS

Wanted—a Wife—By Jack C. Vernon

Commencing Thursday night at the Auditorium Theatre, a beautiful high class comedy presented by an all star cast—six people; a play of merit, appealing to all classes, the comedy element predominating. The action of the play hinges upon the probation of a will and turns upon the advent of the administrator and much comedy is furnished its audience by the efforts of the heir in his qualification. In guaranteeing this little comedy to the people of Santa Ana it can easily be said, inasmuch as the company are high class actors and actresses, the piece is one of the best being presented west of the Rocky Mountains. It comes from the great East, where it has pleased the people of many metropolises to their entire satisfaction, in attest whereof the company exhibits clippings from many newspapers. Mr. Vernon is well known for his bright comedy productions in Santa Ana, and is ably supported by Miss Dorothy Kelton, Miss Marie Hyde, Mr. Frank Kelton, Smith Addison, J. T. Mathews and others, including Mr. Addison.

Theater goes who are partial to comedies are guaranteed their money's worth if they sit to this performance, and we offer a liberal reward for any man, woman or child who comes to the performance and does not laugh; and we warn the decrepit against coming if it hurts them to laugh, for it might prove fatal as sometimes our patrons have been known to go into convulsions. The prices are easily within the reach of all and granted on a no cure no pay proposition—i. e., if the performance is not worth the money it will be most cheerfully refunded.

AUTOMOBILE KNOCKED OFF A WAGON WHEEL

This morning an automobile driven by J. V. Taggart of Holtville knocked off a rear wheel of a delivery wagon belonging to F. E. Miles' Grocery. The auto and wagon were crossing each other, and the driver of the auto miscalculated the speed of the wagon, catching a rear wheel.

An Academic View of Bond Voting

The Socialist party as a whole does not believe in voting bonds "because we have a much better plan." Although a great many of us vote for them, we have reason for doing so. We realize as much as anyone the need of good roads, good schools, good waterworks and fire departments, and think we ought by all means to have them. But under this boning system, it not only works hardships on the so-called property owning class, but on posterity, who will not only have to vote bonds for their own benefits, but will have to bear the ones we are voting, as we are having to bear those voted generations ago. If this system is going to last forever, the Socialists realize, probably more than others, what the condition of this country, not only here but all over, would be if we should quit voting bonds for only a few years.

Whether some people think so or not, voting bonds is keeping a great army of men contented who would otherwise be knocking the props out from under a whole lot of people who think they are some time going to be some big capitalists. In the meantime Socialist propaganda is being spread and the people are fast learning co-operation, and one of these days these would-be capitalists, a great majority of them, are going to be thrown into the ranks of the proletarian and will then, through economic determinism, be forced to change the system of government from private ownership to collective ownership; and we hope to have the people use the ballot instead of bullets to right our wrongs. Needless to say if the people are allowed to wake up as they should, if evolution is not regarded, all these bonds and debts will be liquidated.

So to us, from a scientific point of view, in the evolution of human progress, the bond voting is all right, or rather not so bad.

H. J. HAWKINS.

Can't Afford to Have Kidney Trouble

No man with a family to support can afford to have kidney trouble, nor need he fear it with such a remedy at hand as Foley Kidney Pills. You can not take this honest curative medicine into your system without good results following. It cleans out and builds up the kidneys, and makes them able to strain out of the blood the impurities that cause backache, weak back, sore, inactive kidneys and sleep-disturbing urinary troubles. GOLDEN WEDDING DAY

Neighbors and Friends Join in Congratulations on Happy Anniversary

Half a century of life spent together, a husband and wife with all the inevitable joys and sorrows of so long a period, is undeniably an achievement to be proud of if those years have been passed congenially and happily together. So thought the fortunate friends and neighbors who were invited yesterday to join in the celebration of the golden wedding day of Mr. and Mrs. E. R. Emans at their home at Duena, near Garden Grove. Sincere congratulations were voiced by a company of about twenty who gathered in the afternoon at the Emans home and bestowed golden and other gifts appropriate to the day. There were present near neighbors and close friends from Santa Ana and elsewhere, besides the son and daughter of the house, Harry Emans, of Sherman, who was accompanied by his wife and little son, and Miss Frances Emans of San Bernardino. The afternoon, which had been preceded by a family dinner, was spent informally with conversation, the uttering of congratulations for the past and present and good wishes for the future. Dainty refreshments were served and a big dragon wedding cake, appropriately decorated and inscribed, was cut and distributed. The occasion was a most happy one.

Mr. Emans and his wife, then Miss Anna Rebecca Ostrander, were married fifty years ago at Roseville, Illinois. They lived there for thirty-six years, then moved to Udall, Kansas, where a decade was passed. The lure of California then became too strong to resist and they left the land of sunflowers for Golden California. Sunflowers, combined with greenery, were used generously in the house decorations for yesterday's event, those cheerful flowers which always turn their faces to the sun, being typical of the lives of the principals of the day, and of the golden anniversary. Fifty golden glow blossoms were another floral feature of the decorations, the blossoms fashioned in a handsome bouquet, having been sent to Mr. and Mrs. Emans by Mrs. Bill of Garden Grove.

Pleasant Evening

The young ladies of the Rankin Dry Goods store were delightfully entertained last evening by Mrs. Briscandine at her beautiful new home at 422 First street. They whiled away the hours playing games and after refreshments the chief attraction was a miscellaneous show.

Those present were Mrs. Walker and son Victor, Mrs. Fawcett, Mrs. Gray, Mrs. Bidwell, Misses Beecher, Lyette, Annis, White, Grace White, Gray, Miller, West, Eastman, Roberts.

We desire the coming year to come into closer touch with the parents of our pupils and we wish you to meet us half way in this matter.

A more intimate understanding is thus created between parent, pupil and teacher, which leads naturally to hearty co-operation and this makes for greater success.

Will you not make a greater effort this coming year to come out to our musicals and receptions, attend the lessons when possible and feel generally at home at the Conservatory?

You will better understand our purposes and methods and we shall better understand your child.

504 1/2 N. Main St. Pacific 214.

SUNSHINE SOCIETY

Held At Fresco Affair in Birch Park Yesterday—Realized Generous Sum

The ladies of the Sunshine Society assembled yesterday afternoon from two to five o'clock in beautiful Birch Park in an open meeting to which the friends of the society had been invited. The business hour preceded the social pleasures, a matter of importance having to be taken care of. The matter was no less than the resignation of Dell Kroll as president of the society in view of the near departure of the Krolls for another place of residence. The resignation was regretfully accepted and an election postponed. Mrs. H. H. Hossler, vice president, will probably fill the unexpected term.

All the ladies had their needle work and over this a pleasant afternoon was whiled away in social chat. Tables were set in the east end of the park from which home-made cake and delicious ice cream from Taylor's were served. A generous sum was realized for the treasury of the society with which to carry on charitable work.

The next meeting of the Sunshiners will be held at the home of Mrs. Whitely, 506 East Washington, on the second Wednesday of next month.

Buck-Carr

A pretty wedding occurred Wednesday, Sept. 10, at the residence of the officiating minister, uncle of the groom, when Harold E. Buck of Cypress, and Elizabeth V. Carr of the same place, were united in marriage by Rev. F. S. Haugawout, according to the ritual of the M. E. church, including the ring ceremony.

Those present were Mr. and Mrs. Elbert Buck of Eagle Rock, parents of the groom; Melvin Buck, a brother; Mrs. Vashiti Carr, of Ohio, mother of the bride; and Miss Elsie Gutzler of the bride. The rooms were tastefully decorated with ferns, lilies, asters and roses. While the bride, bearing a bunch of roses, and the groom presented themselves for the ceremony Miss Gutzler sang a beautiful solo.

At the conclusion of the impressive ceremony the minister presented the bride with a beautiful souvenir entitled "The New Hearthstone," by Bishop Hurst, and the bride and groom each received from their parents valuable gifts in money.

When the congratulations were ended, refreshments were served by Mrs. Haugawout, at the conclusion of which a photograph of the happy group was taken.

Mr. and Mrs. Buck will reside near Cypress, where they own a ranch. They will enjoy a short honeymoon at Catalina Island.

Endeavor Social

Last night the Intermediate and Senior Christian Endeavorers of the First Baptist church held the first joint social occurring since their recent union. The affair took place at the home of Mr. and Mrs. Frank Harris, 636 Van Ness street, the business meeting and the various diversions of the evening all taking place on the lawn, which was brilliantly lighted by electric lights strung under the extended eaves of the front of the house.

There were merry games, an informal program, and refreshments of pineapple ice and homemade cake. Other features of the evening were the presentation by the Endeavorers to Rev. and Mrs. Otto Russell of a pretty potted fern, and the giving of a book to Miss Viola Hill, both gifts being tokens of esteem towards the recipients. The Russells have been here just two years and have endeavored themselves to the young people, while Miss Hill has always been a bulwark of strength to the Endeavorers who will greatly miss her when she leaves for school in the east next Saturday.

Strictly home made bread and pastry. Delivered. Call Murphy, 4923.

PIONEER'S BIRTHDAY

Recent Event Marked Seventy-Second Birthday of Well Known Citizen

(By a Neighbor.)

An interesting reunion of relatives, neighbors and out-of-town friends was held recently in honor of the seventy-second birthday of J. A. Buckingham. The affair was held on Thursday evening, September 4, at the Buckingham home on South P Street, and Mr. and Mrs. Buckingham were host and hostess. In response to invitations the following Santa Ana and out-of-town guests assembled: T. F. McDonald and family, R. M. Silkwood and family, J. B. Crites and family, J. R. Durson and wife, D. C. Parslow and family, T. M. Selvidge and family, J. N. Griggs and family, J. T. Langeth and family, P. R. Taylor and family, Ray Goodwin and family, Mr. and Mrs. C. W. Hannah, Mr. and Mrs. I. D. Fox, Mr. and Mrs. Robert Engle, Mr. and Mrs. Charles Spray, Mr. and Mrs. F. C. Martin, Mr. and Mrs. W. Wilson, Mr. and Mrs. Homer Stahl, Mr. and Mrs. R. H. Gaines, Mrs. Bowland, Mrs. Hannah, Mrs. Williams of Santa Ana; Mr. and Mrs. A. C. Drake of Whittier, Mr. and Mrs. W. B. Reese of Los Angeles, Mr. and Mrs. A. Small and Miss Emma Small of Orange, Mrs. J. A. Oderlin of Long Beach and Miss Jones of Pasadena.

This eventful seventy-second birthday of "Uncle Joe," as Mr. Buckingham is commonly known, was marked by visiting and a fine musical program in the early part of the evening. Musical numbers were ably rendered by Mr. and Mrs. A. C. Drake, Mr. Drake being a successful comic soloist. Other pleasing contributions were Miss Mildred Murphy with solo and Elizabeth and John Parslow with a duet. J. B. Crites and Chas. Parslow sang a duet in a manner highly creditable to them. Mr. and Mrs. J. T. Langeth and P. E. Taylor and wife rendered some fine instrumental music, and Mrs. Marstone of Needles pleased her listeners with fine piano solos. A fine luncheon was then served by the hostess, which was greatly enjoyed by all present, numbering better than one hundred persons. After justice was done to the repast, dancing was indulged in by those who cared to dance until a late hour, music being furnished by the different members of the party.

The host, J. A. Buckingham, was born in Washington county, Illinois, September 4, 1841, some years before moving to Page county, Iowa, where on July 9, 1865, he was married to Miss Francis McFarland at Hawleyville, Iowa. In the spring of 1874 they moved to Seattle, Washington and in the spring of 1875, with a party of fifty people drove to San Luis Obispo, taking three months for the trip. In 1877 they moved to Orange county, in which county they have resided since. In 1881 they moved into the house that they now occupy. Since coming to this county Mr. Buckingham has been variously engaged in stock, dairy and butcher business and has been considered a very successful man.

In 1884 the only son of the Buckinghams was buried, which was a great blow to them. Mr. and Mrs. Buckingham are pioneers in this part of the country and are held in high esteem by their many friends and neighbors, and have done much for the upbuilding of the southwestern part of Santa Ana.

For the past two years "Uncle Joe" has been entirely blind, an affliction he feels very keenly indeed. For one who has been active all his life it is a cruel blow to suffer, coming just when he had reached the point in life where he was to enjoy the fruits of his years of hard toil and saving.

Birthday Surprise

The Woman's Foreign Missionary Society of the First M. E. church met yesterday afternoon at the church and held a business and social meeting. During the business hour, officers for the year were chosen as follows: President, Mrs. W. O. McLeod; vice-president, Mrs. W. L. Miller; secretary, Mrs. A. H. Theal; treasurer, Mrs. Laura Cutler.

It had been discovered that the day was the eightieth birthday of one greatly interested in all that tends for higher things and who has given much of her life in the aid of good causes. Mrs. Fannie M. Keithly. As a result of the discovery a surprise had been prepared for Mrs. Keithly by the ladies. At the conclusion of the business period, dainty refreshments of ice cream and delicious homemade cake were served and congratulations given. A beautiful birthday cake on which "Fannie" was inscribed, was cut by the honoree, Mrs. Keithly, who was called on for remarks and gave a brief survey of the leading incidents of her long experience, ending a most pleasant surprise that was greatly appreciated by Mrs. Keithly.

A Farewell Party

Over forty of the close church and personal friends of Mr. and Mrs. J. G. Quick surprised those estimable people last night at the Quick home on West Fourth street. This is probably the last time such an event can be given in honor of Mr. and Mrs. Quick as the new owners of the beautiful residence which has been the scene of so many delightful social affairs, will arrive tomorrow and take possession of the place which they bought a few months ago. The Quicks will be in Santa Ana about two weeks longer before leaving for a winter's visit in Illinois and some side journeys which

Six Pairs for Six Bits

You'll be surprised at the small price we are asking for these men's hose. Bought in quantities by us for Vandermaast & Son, Santa Ana; Skillman & Vandermaast, Fullerton; Moore & Vandermaast, Orange; because of our large buying power you get this remarkable value. Colors black, tan, navy and gray.

Vandermaast & Son
Parcel Post Prepayers

will probably extend to the Atlantic seaboard.

Mr. and Mrs. Quick had been lured elsewhere last evening, taken out for a ride or something of that sort, so the surprisers took possession of the house undisturbed. They soon had it all brilliantly lighted and when the Quicks entered after their return they were greeted with the song "Blest be the Tie That Binds," sung by the assembled guests. A merry evening followed, tinged somewhat with sadness by the thought that this was probably the last similar gathering that they would enjoy together in that house. Later refreshments taken in by the surprisers party were served and good nights were said after some hymns, notably, "God Be With You Till We Meet Again," were sung.

Wedding Anniversary

A number of friends of Mr. and Mrs. W. W. Clevenger, were delightfully entertained last evening with a dinner party at the home of the Clevengers, but were not informed what the occasion for the festivity was until they were all seated at the big round table in the prettily decorated dining room. As a pleasing preliminary to the elaborate dinner, the guests were told by the dates on the unity place cards that they were aiding in celebrating the twenty-second wedding anniversary of the Clevengers' wedding day. Thereupon there were exclamations of surprise and congratulation and the dinner party proceeded most joyously.

The decorations were particularly cheerful and beautiful, the color scheme being red and white mingled with greenery. Roses and geraniums mingled beautifully and red chandeliers added much to the cheerful decorative note.

The evening following the dinner was spent in social chat with a generous amount of music, both vocal and instrumental. Miss Isabelle Anderson and Miss Ramona Clevenger assisted Mrs. Clevenger in serving and entertaining. Miss Anderson contributed some pretty piano solos toward the close of the evening.

Those favored with an invitation to this pleasant dinner party, which so pleasantly celebrated a wedding anniversary, were: Rev. and Mrs. E. J. Inwood, Dr. and Mrs. John Wehrly, Mr. and Mrs. Prince L. Tople, Mr. and Mrs. W. L. Miller, Mr. and Mrs. A. Vandermaast, Prof. and Mrs. McCormack, Dr. and Mrs. I. D. Mills, Mr. and Mrs. T. A. Winbiger, Mr. and Mrs. T. Harry Warner and Miss Isabelle Anderson.

All demands of automobile buyers are fulfilled in the 1914 Buick.

Driving and Saddle horses travel better if shod by Smith, 407 N. Birch.

Personals

Mrs. C. H. Potts and daughter Virgil of North Main street leave today for a six weeks' visit in Kansas City.

Mrs. H. M. Robertson and children have returned from Laguna Beach. Mrs. A. B. Gardner leaves today for Santa Barbara for a ten days' visit. She will be accompanied to her destination by her husband and his brother, R. J. Gardner of Los Angeles, both of whom will go on to Grinnell, Iowa, for a six weeks' visit. Grinnell is the former home and college town of the Gardner brothers and they are anticipating a delightful visit with friends and to the familiar scenes of former years.

Mr. and Mrs. Henry Diers, who have been visiting in Wilcox, Arizona, for the past two weeks, have returned to their North Main street home.

Mrs. W. D. Baker, accompanied by her son George left this morning for her old home in Indiana, where she will visit for the next three weeks. She took her little daughter Marion to Los Angeles to remain with friends until school opens in Santa Ana when the little girl will return here to stay at the home of Mr. and Mrs. W. L. Miller until Mrs. Baker's return.

Miss Ava Wells, who is one of the art instructors in U. S. C. this year, began her duties in the college yesterday. Miss Wells has the life class and will spend two or three days a week at the college, going back and forth from her home in Santa Ana. Her friends will be glad to know that she will make her headquarters here, as she is identified with various social and literary clubs from which she would be much missed.

Mrs. A. J. Lawton returned last night from Long Beach, where her husband has been in a sanitarium for several weeks past. Mrs. Lawton spent last week in Los Angeles and Pasadena taking a needed rest. She will go to Long Beach Sunday to accompany Mr. Lawton home on that day. He has not improved as rapidly as he hoped to do in Long Beach and is anxious to be at home again.

M. N. McArthur and family who have been living at 1801 North Broadway in the D. F. Bartlett house, have removed to some point on South Main. The Bartletts have gone into their own house after residing for two years past in their Newport Beach cottage.

The F. W. Fullers and Mrs. G. W. Pierce, sister of Mr. Fuller, returned last evening from San Diego, where they have been spending the week. The trip was made by auto and the various points of interest around San Diego were visited.

C. F. Crose was a morning visitor to Los Angeles.

M. Nisson made a trip to the Angel City this morning.

A. C. Nunn boarded an early morning car for Los Angeles today.

Mrs. W. L. Deimling was among the early forenoon passengers to Los Angeles today.

J. A. Nunn has returned from a two weeks' rest at Elsinore Hot Springs. Mr. Nunn, who has been ailing for some time, was greatly improved in health by his stay at Elsinore. His wife and daughter, Miss Evalyna, were with Mr. Nunn during the last week of his stay. They returned with him, the trip being made by automobile.

Additional to the names already given of those attending Los Angeles Normal School from Santa Ana are Thea Price, Ruth Hilliard and Dean Bates.

Misses Ruth Inwood, Eva Martin, Eva Belle Jayne, Ruth Heil, Bessie Hoagland, Ruth Burns, Misses Ida, Bessie and Esther Hanning, are all attending U. S. C., most of these entering as freshmen.

The family of E. E. Lowry, recently residing at the corner of First and Main streets, left yesterday for Corvallis, Oregon, where they will reside for the next four years while Ralph Lowry attends the agricultural college at that place. They expect to return here at the end of that period.

J. C. MacFarland and daughter, Miss Isabel, of Santa Barbara, will arrive here tomorrow to be the guests of Mr. and Mrs. Warren Brakeman in their new apartment at The Colonial on South Main street. Mrs. Brakeman is enjoying a vacation of two weeks and the MacFarlands will be here during several days of that time.

Miss Frances Emans, who with Miss Margaret Lacy, is successfully conducting a business college at San Bernardino with a branch night school at Redlands, has been spending the last day or two at her parents' home at Duena, near Garden Grove, helping them to celebrate their golden wedding. She spent the forenoon in Santa Ana today before starting for San Bernardino at 11 o'clock.

Charles Heil had gone to San Francisco for a vacation outing. Miss Susie Thompson of Redlands, who has been visiting her cousin, Mrs. J. M. Cain of North Main street, returned to Redlands this morning.

Miss Edna Blee, daughter of Mr. and Mrs. W. C. Blee, and now at the head of the English department of the Venice high school, is visiting

Miss Victor Montgomery and the Misses Gertrude and Louise Montgomery this week.

Early Fall Millinery Exhibition—

You can see all that is new and stylish for fall at Gilbert's, our work room daily turning out many new models. Miss Kalde will be glad to see her many friends and customers, 8:30 a. m. to 5:30 p. m. at Gilbert's. Take elevator to second floor.

Card of Thanks

We wish to extend our most heartfelt thanks to our many friends and acquaintances for their kindness and sympathy and beautiful floral offerings during the sickness and death of our dear mother.

MAX SMITH,
JULIA HUDSMITH,
JOSEPHINE WARD,
HESTER GRIFIN,
LEWIS A. SMITH.

WARNING IS GIVEN TO THE RESIDENTS

City Marshal Jernigan states that since tomorrow is circus day there will be a number of undesirable hangers-on of the circus in town, on the lookout for a chance to steal. He wishes to warn people against leaving their valuables about the house where they can be easily picked up, and says that those who leave their homes securely locked their doors and windows should be safe.

A Land of Opportunity

Humboldt County, the least developed in California, presents splendid opportunities to investors and homeseekers. Men and money are needed for dairying, small fruit growing, truck farming, general farming and apple raising. A country of wonderful resources and ideal climate into which the first railroad is now building. All inquiries promptly answered by the Humboldt Promotion and Development Committee, Eureka, Calif.

Night School opens September 1 at Orange County Business College.

Never so well and happy since wearing our comfort glasses, says a prominent woman. Dr. K. A. Loerch, Eyesight Specialist.

TEMPERANCE FORCES ARE AGGRESSIVE

ANAHEIM, Sept. 11.—The "dry" of this city are to continue the work that Exalted Order Brown commenced, and the anti-saloon campaign will be pushed to the limit until the day of the election. The big tent which Brown brought here has been rented and meetings will be held often between now and election time, the best of speakers being secured. Brown will return just before election and conduct special meetings which will doubtless be a great boost for the anti-saloon people. Mrs. J. M. Ash, a noted temperance worker of the Middle West will speak here Sunday evening at the tent, where union meetings are to be conducted.

Last evening an interesting meeting was held for the purpose of competing plans for those who are to work during the campaign. The work is being directed by R. H. Young of Los Angeles, who has had thirteen years experience along this line. He stated that Anaheim has the best plans and workers that he has known and the outlook is very promising for a victory. A movement is on foot by a committee to either secure a page of a local paper for their work or issue a sheet themselves in order that temperance news may be placed before the public.

Robert McAuley leaves tomorrow for Occidental College, where he will enter the second year. He graduated from the Anaheim high school three years ago with high honors. He has just received information that he would be one of the night teachers at the Olive street school in Los Angeles, the coming year. Out of five hundred applicants Mr. McAuley has the distinction of securing thirty-ninth place, and won honors over many of the city students.

Walter Spaeth and Earl Spencer will leave Monday for U. S. C. Miss Margaret Plagg of Santa Ana is here to visit friends for several days.

CANADA BORROWS ROAD EXPERT FROM UNITED STATES

WASHINGTON, Sept. 11.—Canada has called upon the United States for aid in improving its highways, and J. A. Pennybacker, chief statistician of the joint congressional committee on federal aid in the construction of postroads, has been loaned to the roads commission of that country.

Get Rid of the Torment of Rheumatism That you can do by ridding yourself of the cause. Weak, sluggish, inactive kidneys allow the uric acid crystals to circulate in the blood, and these lodging in the joints and muscles, cause rheumatism, lumbago, and stiff, swollen aching joints. Foley Kidney Pills ease your pain and torment from the time you begin taking them. They positively and permanently build up the kidneys, restore their normal action, and strain out the uric acid crystals that cause rheumatism and lumbago. Try them. A Potpourri of News and Views

From the Los Angeles Financial Review of Sept. 6.

Value of Petroleum Products

There are forty-two refineries of petroleum in California and the future of the oil business in the state, according to Chemical Experts, rests with the by-products of the refineries. This is the conclusion of the San Francisco Chronicle which paper has interviewed oil experts and chemical experts on the subject. Be that as it may the Chronicle says:

The product of the Pacific Coast fields, say the chemists, contains a multitude of elements which science will eventually put to far more important uses than oiling roads or heating boilers. Some go so far as to say that in view of the marvelous potentialities of petroleum as a source of dyes, lubricants, drugs and even foods, that it is criminal to burn it up.

Simply as a commercial proposition at the present time it pays to refine California petroleum. As these oils are capable of producing large quantities of lubricants and other by-products now available, it is argued that the use of crude oil for fuel should be cut down as much as possible.

The growing business of oil refining in California has been immensely increased by the beginning of operations at the Associated Oil Company's big new plant at Arvin, in central California. The new refinery, which cost \$1,000,000, is equipped to handle 10,000 barrels of crude oil daily and has a storage capacity of 2,000,000 barrels. The finished product is at present gasoline and distillates. The Associated is now operating two other refineries at Los Angeles and Gavito.

Life Tenure for Judges

Former president Taft believes that judges should be appointed instead of elected and that terms should be life. He made this declaration in an address before the American Bar Association in session in Montreal. Said the former president:

"The greater the independence of the courts," said Mr. Taft, "the stronger their influence, and the more satisfactory their jurisdiction and the administration of justice. In a popular government the most difficult problem is to determine a satisfactory method of selecting the members of its judicial branch. Selection of judges by appointment does not altogether deprive the people of the right of selection. The selection can be really popular without resorting to an election. The Chief Executive elected by the people to represent them in executive work does, in appointing a judge, execute the popular will. In every country of the world, except in the cantons of Switzerland and the United States, judges are appointed and not elected."

In advocacy of a life tenure for judges the ex-President said that only by this means could the judiciary be needed around with "immunity from the temporary majority in the electorate and from the influence of a partisan Executive or Legislature. This immunity, now enjoyed by Federal judges, has had some effect in making Congress grudge any betterment of the compensation to these great officers of the law. Nothing but the life tenure of the Federal judge, its independence and its power of usefulness have made it possible, with such inadequate salaries to secure judges of a high average in learning, ability and character."

Opening Up of Alaska.

Secretary of the Interior, Franklin K. Lane, is believer in Alaska and will urge on Congress the necessity of building railroads into the interior, that is a system of National railroads in the Territory. The secretary in a printed interview in San Francisco where he arrived early this week from a trip to the North said: "Alaska ought to be opened up. A national railroad ought to be built as a beginning on a general system of national railroads in the Territory. Next year I am going to urge Congress that we make such a beginning."

"We have demonstrated pretty thoroughly now that the government is capable of undertaking such projects. While it is unlikely that much of the equipment on the canal could be used on such work as it has been intended by the engineers to last only to the completion of the waterway, at the same time the engineers on that work have developed in it a vast capacity which the government can use. Uncle Sam has become a pretty expert workman. The other day I rode upon a national railroad eighteen miles long and with four steel bridges, a full-sized, broad-gauge road built in connection with the Boise reclamation project in Idaho. It will cost the government more to build these railroads than they could be constructed for by private concerns, but we can stand for this. "The interest of the consumer is to be the controlling factor in the future granting of permits for hydro-electric plants on the national streams. Permits to power companies to develop electricity for commercial purposes on streams in forest reservations are going to be granted by the Department of the Interior on a scale of rates which will secure the lowest prices to the consumer."

Supplanted by California

California peanuts have entirely displaced the native product in Shantung China, the ground nuts having become one of the most important articles of commerce from that province. It has not been more than 25 years since an American missionary, finding that the Chinese of Shantung were raising a poor, small, shriveled variety of groundnut, secured from America a quart of high-class peanuts and distributed them as seeds among several of his converts. The result is as stated for one of the principal articles of commerce in Shantung is groundnuts, enormous quantities being exported each year. The bulk of the shelled nuts are sent to Marseille, and of the unshelled, selected hand-picked nuts the bulk go to London for restaurant and retail sales. It is estimated that Shantung can ship during the season from 30,000 to 50,000 tons of groundnuts.

Olive Crop of Tuscany.

Vice Consul Leon Bohm de Savanne, of Leghorn, Italy, reports that in the province of Lunca and Siena the young olive fruit is healthy and abundant. Atmospheric conditions have been so far exceptionally favorable for the development of the olives, and the crop of 1913-14 promises to exceed, in both quantity and quality, the crop of 1912-13. The olive crops of the plantations near the Mediterranean coast, from Massa to Pisa, Leghorn, and Grosseto, were considerably damaged by sharp winds in June, when the trees were in full bloom.

Goes to Los Gatos

C. F. Hamsher, for the past three years assistant cashier of the Savings Union Bank and Trust Company of San Francisco took charge of the First National Bank of Los Gatos on Monday as its cashier, having purchased the interests of A. P. Manning and C. L. Stone, cashier and assistant cashier, respectively, and was elected to the directorate.

Mineral Production of Bolivia.

Bolivia, which was once included among the great silver producing regions of the world, but which is now of relatively minor importance, occupies second place among the tin-producing countries of the world, the lead being taken by the Straits Settlements. The production in Bolivia has increased very rapidly, amounting to 29,938,828 kilos (66,003,760 pounds) in 1908 and to 38,378,696 kilos (84,610,482 pounds) in 1912. The export duties have increased in even greater proportion, amounting to \$371,614 in 1908 and to \$1,086,911 in 1912. An important feature of the tin situation in Bolivia is its concentration in the hands of a few interests, the leading owner of tin properties being Sr. Don Simon I. Patino. The production (exportation) from the Patino mines in 1912 amounted to 14,098,554 kilos (31,081,974 pounds), valued at \$8,798,548. Patino's tin properties are known as Uncia, Huanuni, Japo and Kami, but more than two thirds of the total production is from the Uncia, situated near Oruro. About 93 per cent of the tin production of Bolivia is exported to Great Britain.

The customs office attributes the rapid increase in the production of copper largely to the better prices prevailing and to better transport facilities temporarily supplied by construction trains on the now completed Arica-La Paz Railway. The center of copper production is at Corocoro.

The production of gold in Bolivia is of small importance, but Senor Don Casto Rojas, the director general of customs, declares that Bolivia will yet surprise the world with its production of this metal.

Impending Railway Arbitration.

"It is not quite clear to the uninitiated," says the New York Globe, "what either side gains by the impending arbitration under the Newlands arbitration act which was secured by much effort as the price of peace between the eastern railway companies and their trainmen and conductors. Each side has chosen two arbitrators. Each side has selected men presumably committed to its own side of the controversy. These four will agree upon two others, presumably neutrals. It is unlikely that either couple will accept as an associate any man known to have a bias for the other side. It is possible that a compromise will be necessary leading to an equal division in filling the board. In any case it is plain that the chances under the Newlands law of arriving at a decisive finding are exceedingly remote. Four members of the board of arbitration that is to sit in judgment have matured views on the dispute that is to come before them. Two members who may or may not have open minds will have the decisive votes. They may split. In any event they are unlikely to agree on anything but a compromise. What is gained by putting representatives of the disputants on a board of arbitration may become obvious when the proceedings are completed. At the moment the advantages, if there are any, are hidden in obscurity."

Seek Docking Sites.

Officers of the War Department have advised San Luis Obispo city that the best course open to the residents of that city to insure permanency of title to lands still available for wharves there would be a bond issue to buy the lands. The suggestion is made through Congressman Hayes, who was urged by San Luis Obispo to appeal to the War Department to give aid in reserving some of the docking sites for the public. It was pointed out that the control of the harbor front has nearly all passed into the hands of private interests, and that the Pacific Coast Railway and the Union Oil companies now control nearly all of the frontage available for use, excepting only the county wharf, which is only a street extended into the bay, and of which 1390 feet is owned by the Marre estate. The Union Oil Company, however, has a pipe line and wharfing rights on the county wharf while virtually gives that corporation control of it. The government was urged to step in and secure part of the harbor frontage, but this was refused, because it has no jurisdiction over the lands in question.

Counterfeit National Bank Notes.

Two counterfeit \$10 national bank notes have made their appearance and the secret service force of the government is hot on the trail of the men, who are thus seeking to increase the volume of paper currency. One bill is accredited to the First National Bank of Chicago and the other purports to have been issued by the Farmers and Merchants' National Bank of Los Angeles, Cal. The treasury department in a statement says:

"The figures in the bank and treasury numbers are poorly formed and out of alignment. The lathe work is very good. The back of the bills is a darker shade of green than the genuine. The paper feels thick and harsh."

The bills, the secret service officials say, are formed of two pieces of paper, between which silk threads are distributed. The officials add that "if better printed these bills would be very deceptive."

Defaults on Interest

Receivers of the Frisco System not having made provisions for payment of interest on the \$28,500,000 first mortgage 5 per cent bonds of the New Orleans, Texas and Mexico railroad payment was defaulted on Tuesday. The interest amounted to \$714,000. The road is controlled by the Frisco. Interest on a \$2,600,000 6 per cent note issue has also paid but as the agreement under which the notes were issued provides for thirty days grace on interest payment it is likely that the court will probably be asked to meet the payments.

Makes Buildings 30 Degrees Cooler

On a hot summer day the temperature in the upper part of a building covered with J-M Asbestos Ready Roofing is from 15 to 30 degrees cooler than with any other roofing. The white asbestos surface reflects the heat instead of absorbing it and transmitting it to the rooms below. This is only one of the exclusive features of

J-M ASBESTOS ROOFING

Besides making a building cooler in summer and warmer in winter, it is the only ready roofing that never needs painting. J-M Asbestos is also the only ready roofing that is fire-proof.

ITS FIRST COST IS THE ONLY COST.

LOS ANGELES PRODUCE MARKET

The demand for bunch vegetables holds good through the summer season and prices this year are higher than they were last or the year previous at the same time. Good radishes and onions are worth 20 cents per dozen bunches. Turnips, carrots and beets hold at 30 cents for the very best; oyster plant, looks and others of the less common varieties sell at 40 cents. Eggplant is not exceeding plentiful and is bringing 3½ cents a pound. Cream and summer squash are moving anywhere from 35 to 45 cents on good quality. Bell and chile peppers are about as low as they have been at any season of the year. They are selling at 2½ cents a pound. Tomatoes are worth 35 to 50 cents for good stock, and cucumbers are up to 50 cents per lug box, and the demand has dropped off considerably. Lettuce of best quality sells from 75 cents to \$1. A carload of cabbage is being received about three times a week from San Francisco and is selling at 2½ cents a pound.

Receipts of staples show up very large because of the holiday intervening and throwing practically two days shipments into one. Egg arrivals were 350 cases and prices were firm and unchanged.

Butter took another decided jump, going from 36 to 40 cents a pound, due to the fact that it is really a difficult matter to get stock grading up to creamery extra. The demand for seconds is increased to such an extent that it, too, continues to move upward.

The potato market was steady under the heavy arrival of 688 sacks. The demand for spuds was very good. Sweet potato receipts totaled 475 sacks. A car of northern onions were shipped in and found ready sale at prevailing figures. They were of the Yellow Danver variety.

Eye Hospital for your broken glasses, made while you wait. Dr. K. A. Loersch, 116 East Fourth St.

CERTIFICATE OF BUSINESS

I, Mrs. E. Knoller, hereby certify that I am conducting a retail clothing business at 209 West Fourth St., in the City of Santa Ana, in Orange county, State of California, under the fictitious name of Hub Clothing Store; that I am the sole proprietor of said business and that my address is 509 West First St., Santa Ana, California.

Witness my hand this 11th day of August, 1917.

MRS. E. KNOLLER,
State of California, County of Orange—ss.
On this 14th day of August in the year aforesaid, I, Notary Public in and for the County of Orange, State of California, did personally appear Mrs. E. Knoller, known to me to be the person whose name is subscribed to the within instrument and acknowledged to me that she executed the same for the purposes and consideration therein expressed.

(Seal)
NADA WOODWARD,
Notary Public in and for said County of Orange, State of California.

NOTICE FOR PUBLICATION OF TIME FOR PROVING WILL, ETC.

In the Superior Court of the County of Orange, State of California.

In the Matter of the Estate of Michael H. Cheeseman, deceased.

Notice is hereby given that Friday, the 19th day of September, 1917, at 10 o'clock a. m. of said day, at the Court Room of this court, in the City of Santa Ana, County of Orange, State of California, has been appointed as the time and place for hearing the application of Michael H. Cheeseman praying that a document now on file in this Court, purporting to be the last Will and Testament of the said deceased, be admitted to probate, that Letters Testamentary be issued thereon to H. Clay Kellogg at which time and place all persons interested therein may appear and contest the same.

Dated September 5, 1917.

W. B. WILLIAMS, County Clerk.

LEONARD EVANS, Attorney for Petitioner.

Racers Discuss Corona Results

"Our Reputation at Stake in Every Deal We Make."

TEDDY TETZLAFF says: "Back to Orange County for the good houses in Santa Ana are a better investment than auto tires at \$150 per set. There is one house for instance (9 rooms) on Spurgeon St., that would be big enough for Cooper right now, that can be had for as low as \$1200, with all the fruit and nuts he wants. Then there are two fine bungalows near Hickey street that are perfect homes, only \$2000 each. There's some buy."

BARNEY OLDFIELD is so disgusted that he's going to look up that fellow on Hickey street who will allow \$600 for an auto as part payment on a \$1500 bungalow. He thinks a 5 room one with built in buffet kitchen and dining room, French doors, summer house among walnuts and a nice lawn would be an ideal place to nurse babies. Barney certainly proved himself a man tho', and for his heroism the owner

has knocked off \$400 on the place and will let him pay for it at \$22 a month.

A MANSFIELD (No. 14) says he's out of his class and will trade his \$1800 Los Angeles house for a quiet one in Santa Ana.

DE PALMA didn't have any luck at all. Couldn't even touch a bargain 5 room house furnished, on East Pine street at a mere \$2400. Hasn't a chance a tobacco stand at one of the beaches, or a trade LEACH for a close in home to the Poly High?

COOPER'S wise. He sees that by putting his money in farm lands, by 1918, he won't have to race any more. He knows where to go, too.

But say, will some one kindly tell us what will demoralize the MINISTER because? We've got the house but don't know if it's near the right church.

You Can Beat Them to It Though.

See Buxton Realty Exchange Right Away

116 East Fourth St. "Where the little Model Farm is in the Window."

AT THE COURTHOUSE

CONTEMPLATES
DAMAGE SUIT

Guardianship Matter Forerunner of Action Result of Explosion

In order to bring a damage suit for injuries received in the explosion of dynamite caps, Willis Shay has asked the superior court to appoint his uncle, E. B. Drakeley, as his guardian. The petition, filed today by Attorney Walter Eden, states that Willis is 16 years of age, that the action will be against some person or corporation not yet determined and for an amount or damages not yet decided upon.

Abstract Filed
Today there was filed in the clerk's office an abstract of judgment for \$214.60 entered in Justice Cox's court against U. J. Ross and in favor of

Frank Thompson.

Publish Summons

Summons will be published in the divorce suit of Hildred Dorothy Maxfield against Frank B. Maxfield, the defendant's whereabouts not being known.

To be Citizens

Harry Max Withers, native of Germany, in this country since 1903, and John Schar, Swiss, in this country since 1895, both of Anaheim, have applied for final letters of naturalization. William Goerdes and F. A. Backs are witnesses for Withers and Adolph Scheuner and K. E. Nethaway are witnesses for Schar.

An action on a \$500 note brought by H. H. Jones against James Houghton of Garden Grove has been transferred from Los Angeles county to this county.

Marriage License

Albert Thornton Stedman, 34, of Los Angeles, and Helen Josie Hoefler, 24, of Santa Ana.

"CASCARETS" RELIEVE
SICK, SOUR STOMACH

Move Acids, Gases and Clogged Waste from Liver and Bowels

Get a 10-cent box now. That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.—Advertisement.

—DO YOU WANT MORE BAND CONCERTS, BETTER PARKS, AND A BIGGER AND BETTER SANTA ANA? YOUR VOTE may carry ordinance No. 557 at tomorrow's election. If you wish to be taken to the polls, telephone SUNSET 242 or HOME 672. Give your street and number and an automobile will call for you.

Strengthen Weak Kidneys

Don't suffer longer with weak kidneys. You can get prompt relief by taking Electric Bitters. That wonderful remedy praised by women everywhere. Start with a bottle today; you will soon feel like a new woman with ambition to work, without fear of pain. Mr. John Dowling of San Francisco, writes: "Gratitude for the wonderful effect of Electric Bitters prompts me to write. It cured my wife when all else failed. Good for the liver as well. Nothing better for indigestion or biliousness. Price 50c and \$1.00 at all druggists.—Advertisement."

HEALTH EXPERTS SHOW COST TO
U. S. OF PREVENTABLE DISEASE

Doctors at Colorado Springs Urge Aid of U. S. in Curbing Disease—Educate Masses on Health Lines

COLORADO SPRINGS, Colo., Sept. 11.—Urging the prevention of occupational diseases by the government, Dr. John B. Andrews, of New York, secretary of the American Association for Labor Legislation today declared the mere money loss alone to the nation through preventable disease amounts to more than three quarters of a billion dollars annually. Dr. Andrews was one of today's speakers at the third day's session of the forty-first annual meeting of the American Public Health Association. "From sickness alone," declared Dr. Andrews, "our mere money loss each year is three quarters of a billion dollars. Conservative authorities declare that one-fourth of this annual loss—approximately \$200,000,000—can be prevented with ridiculously little expense."

The prevention of occupational diseases is too great an undertaking to be left entirely to individual action. It cannot be left to the worker, who, even when not ignorant of danger, is driven by necessity to his task. It cannot be entrusted to the employer, whose principal business, after all, under competitive conditions, is to secure profits. It cannot be left to medical treatment alone, for prevention and not after-care is the remedy. Not only on account of the magnitude of the problem but also because of its nature, the prevention of occupational diseases is properly a function of government.

A systematic effort to "tap the reservoir of health knowledge stored in universities and to pipe it to the people" of the state generally through the medium of extension work, was described to the sociological section of the association today by Dr. Hoyt E. Dearholt, of the University of Wisconsin.

Dr. Dearholt said that the establishment of a bureau of health instruction in the extension division of the University of Wisconsin was based on the belief that ignorance and apathy are the underlying factors in the spread of preventable diseases. Dr. Dearholt explained the system in vogue at Wisconsin University which gives "service" or instruction not less to the citizens generally than to the relatively small group of youths who are able to attend the university.

"Instruction in health matters," said Dr. Dearholt, "for the people who may be deficient in preliminary education, but nevertheless having sufficient mental capacity to grasp basic truths when presented in a form adapted to his limitations, is to be carried on through correspondence courses, lectures and newspaper publicity. One of the most important

features of the work is a correspondence school for health officials."

Taking for his topic, "The Mortality From Cancer in the United States and Foreign Countries," Dr. Frederick L. Hoffman, of the Prudential Life Insurance Company, said that it is evident "that the American people are increasingly liable to cancerous affections." Dr. Hoffman was unable to account for this, but he found a ray of hope in the fact that compared with other civilized countries the cancer death rate in the United States is not excessive. It has, however, he pointed out, increased from 67.9 per 100 population for the five years ending with 1905 to 74.3 per 100 population during 1911.

"For the time being," said Dr. Hoffman, "public attention requires to be directed to the supreme importance of early diagnosis on the one hand, and the earliest possible operative treatment on the other hand. This conclusion even applies to many forms of internal cancers, which are invariably fatal unless the patient submits to an early and radical surgical treatment."

Four anti-tuberculosis workers came out strongly today at the section on "Securing Funds for Public Health Work from Public Authorities," for the referendum in getting money for health campaigns. Their opinions were based on the successful use of the referendum in the anti-tuberculosis campaign, and they represented the East, Middle West and extreme West.

George J. Nelbach, assistant secretary of the State Christian Aid Association, told of a successful referendum on the county hospital question in St. Lawrence county, New York. Frank E. Wing, general superintendent of the Municipal Tuberculosis Sanitarium of Chicago, described the referendum which voted nearly a million dollars a year for the care of tuberculosis sufferers of that city. Otto J. Bradley, assistant secretary of the Wisconsin Anti-Tuberculosis Association, described the campaign which won the referendum on the question of establishing a tuberculosis hospital in Winnebago county, Wisconsin.

Dr. John Weinzirl, secretary of the Washington Society for the Relief and Prevention of Tuberculosis, read a paper on the referendum appropriating \$125,000 for a municipal sanitarium in Seattle. The speaker said that the Boy Scouts, the newspapers, the schools, and the churches were used with good effects in the campaigns.

Other speakers on the subject of securing funds for health work from the public authorities were Lawrence Veiller, director of the Charity Or-

Sebastian's Specials

New Seasonable Goods at Reduced Prices

These are goods you need every day in the year. This week we offer them at a price that means a substantial saving to you.

Cotton Absorbent Crash Toweling, 12½c values, now on sale at 3 yards for 25c

All linen Crash, 16 2-3c values, special per yard 12½c

Embroideries, 17 inches in width good 25c values, now on special sale, at per yard 15c

ganization Society of New York, and Albert G. Milbank, of New York, nephew of Mrs. Elizabeth Milbank Anderson, who recently gave \$650,000 for the establishment of a Department of Social Welfare of the New York Association for Improving the Condition of the Poor.

IN THE JUSTICE COURT

**HERBERT DAVIDSON
DESERTER OF NAVY**

Charged Here With Petty Larceny, He May be Taken to Los Angeles

Herbert Davidson, arrested by Sheriff Riddick for stealing a bicycle and four watches from Fred Collins of Cypress, is a deserter from the navy. This information was secured in Los Angeles yesterday by Probation Officer Scott, who went there to look up Davidson's record. The record is bad enough, and Davidson may be taken to that county for trial. Yesterday he was certified to the juvenile court on his declaration that he is but 17 years of age. Davidson was arrested through a report received at the sheriff's office from Miss Kate Munger, storekeeper at Irvine.

Bail is Given
E. E. Ragsdale, charged with giving a no-fund check, has given \$500 bail with G. S. Bates and R. H. Mullineaux, both of Los Angeles, as sureties. The check was cashed by John Ziegler of Anaheim.

Civil Case
Justice Cox today is taking evidence in the action of O. H. Lake against M. L. Bernie for \$117.95. The case was transferred here from Huntington Beach.

DON'T LET BABY SUFFER WITH ECZEMA AND SKIN Eruptions
Babies need a perfect skin-covering. Skin eruptions cause them not only intense suffering, but hinder their growth. DR. HOBSON'S ECZEMA OINTMENT can be relied on for relief and permanent cure of suffering babies whose skin eruptions have made their life miserable. "Our baby was afflicted with breaking out all over the face and scalp. Doctors and skin specialists failed to help. We were overjoyed to see baby completely cured before one box was used," writes Mrs. Strubler, Dubuque, Iowa. All druggists, or by mail, 50c. Pfeiffer Chemical Company, St. Louis, Mo., Philadelphia, Pa.—Advertisement.

LANTERNS
